## NSW AIP Conference Support for Student Members

The NSW AIP recognises the importance for students to attend conferences of relevance to their work. To support this the NSW AIP will offer financial support to offset the cost of attendance and participation in the AIP Congress. This support is not guaranteed and is available only if the committee is satisfied that the Branch has funds to meet each request when received. The maximum grant from the NSW AIP to any individual will be \$100.

### To be eligible for support the applicant must:

1. Be currently enrolled in an honours or postgraduate physics degree at a university in NSW.
2. Be a member of the AIP (see support for joining the AIP in 2002).
3. Will be attending and presenting a paper (oral or poster) at the conference, which is judged by the student's supervisor as being of direct relevance to the student's degree program.
4. Have incurred personal, out of pocket expenses directly related to attendance at the conference which have not been met by any other source of financial support.
5. Not previously received such support from the AIP for attendance at a conference.

### Material required for application:

1. A completed, signed application form, countersigned by the applicant's supervisor or Head of Department.
2. An identifiable copy of the relevant part of the conference program indicating the applicant's presentation at the conference.
3. A copy of the abstract of the applicant's presentation.
4. Receipts in support of the claimed expenses incurred by the applicant.

### Send required material to:

AIP NSW Branch Treasurer  
Dr Neil Curson  
School of Physics  
University of New South Wales  
Sydney 2052

# Application for NSW AIP Student Conference Support

Full name: .....

AIP membership number and grade: .....

Current degree program enrolment: (PhD/Masters/Other – specify): .....

University and Department in which degree is being pursued: .....

Name and Affiliations of Conference attended: .....

.....

.....

Title and Author list of presentation at conference: .....

.....

.....

Summary and explanation of expenses paid by the applicant, and not funded from any other source (attach receipts): .....

.....

.....

.....

.....

.....

Have you received financial support from the AIP for attendance at a previous conference? .....

## STATEMENT BY THE APPLICANT

My signature below indicates that the information provided on this application is correct. I have personally incurred the expenses indicated. I have not received recompense for them from any other source, nor have I applied for such recompense, or expect to receive such recompense in the future.

Signature and Date .....

## STATEMENT BY THE SUPERVISOR

My signature below indicates that this conference was relevant to the applicant's degree program, that the paper presented by the applicant was based on the applicant's own work, and that the costs noted above have been paid directly by the student and will not be recompensed by other sources.

Name and Position of supervisor: .....

.....

Signature and Date: .....
