* Full time physics undergraduate students studying at an Australian University can join as AIP StudentLink Members at no charge. If you wish to join AIP StudentLink you do not use this application form – see your Head of Physics for details.

If you are a graduate of an AIP-accredited university we may check the university’s records for confirmation.

If you are applying for full membership and are not a graduate from an AIP-accredited university (see www.aip.org.au for list), please also provide the following: (a) Academic record; and (b) Curriculum vitae, which includes a statement of employment history since graduation. If you are applying online please post or scan/email these additional documents to aip@aip.org.au.
