EVENT DETAILS:

The aim of the new NSW Australian Institute of Physics Research Poster Presentation Network Event is to provide all NSW HDR students (Honours, Masters and PhD) researchers an opportunity:

- To present a formal, research-based presentation of their HDR work.
- To present HDR students research to a learned audience in the friendly environment of a University setting.
- To promote research opportunities and achievements.
- To develop physics interaction with researchers, academics, supervisors, students, employers and visitors during the event.
- To award best research poster presentation prizes recognizing the scientific merit exhibited in the Poster Presentation displays.
 - **\$500 Honours Research Poster Prize sponsored by Diraq**
<https://diraq.com/>
 - **\$1000 Masters Research Poster Prize sponsored by Boson Engineering** <https://bosoneng.com.au/>
 - **\$1000 PhD Research Poster Prize sponsored by ArcherX**
<https://archerx.com.au/>

The Physics Research Poster Presentation Network Event will provide opportunities for HDR (Honours, Masters and PhD) students to present their research posters during the three-hour time-frame. Presenters can outline plans for research (thesis proposal) or can use this opportunity to display their research area, topic, present a working research paper, journal publication, conference publication, seminar notes or chapters in the thesis as a poster presentation display. **Posters will be judged during the event with monetary prizes presented for each best poster award category.**

POSTER FORMAT:

- A poster presentation is one where presenters post materials such as scans, photographs, maps, graphs, tables, and sparingly used equations on a display board together with textual summaries.
- The sequence of the poster sections should be clearly indicated by numbers or arrows and follow a logical pattern.
- Each poster should display the title, authors, supervisors and affiliations for the work. Title information is in larger font. Text fonts should be 20-24 point.
- Extensive use of captioned illustrations, graphs, photographs or other visually appealing material is extremely useful as a means of communication.
- *The poster board size provided at this event will be 1.8 metres high by 1.2 metres wide. Presenters will bring own pins or Velcro strips to attach poster.*
- Choose a title that captures the reader's attention and accurately reflects the contents of the poster.
- Underline the presenting author's name.
- List the author's main affiliated institutes/organisations and their locations.
- State the aim(s)/purpose(s) of the project clearly.
- Keep the methods section brief, unless the subject of your presentation is a description of a method. Dot points are satisfactory.
- Use the main part of the poster area for the results section of your material. Use graphics, pictures, figures and/or tables to illustrate your findings.
- Briefly discuss the implications of your work, the highlights and problems encountered.
- Briefly summarise your findings and the main conclusions drawn from your study.
- Keep literature citations to a minimum.
